

# Would you help me raise funds for the Canadian Cancer Society ?

My name is Kimberley, I am 10 years old. I have decided to shave my head to benefit cancer research. I am donating my hair for the making of wigs for people with cancer and any funds that I raise will all go to the Canadian Cancer Society. I had a friend, Eric, that passed away at the age of 9, from cancer and for this reason I came up with this idea myself. I would like to make a difference and help the Cancer Society in their efforts to find a Cure.
